

ACH for Contributions to IRAs

PUT ACH TO WORK FOR YOU

ACH is PENSICO Trust Company's free service that makes saving for your retirement easier than ever before. ACH enables you to set up automatic contributions to your IRA or SEP-IRA contribution throughout the year. An amount of \$25 or more that you determine can be transferred from your checking, savings or credit union account automatically on a regular monthly basis as a current-year IRA contribution.

BUILD YOUR IRA CONTRIBUTION AUTOMATICALLY

Putting ACH to work for you means you can actually make your plan assets grow faster than if you wait until April 15 to make your IRA contribution. The sooner your contribution is deposited in your account, the more time it will have to appreciate [depending on your investment(s) choices].

ACH also provides flexibility and choice. You select how much to contribute monthly to add up to your annual contributions limit.

Annual contributions are limited to the applicable contribution amount for that taxable year or 100% of compensation, whichever is less. Refer to the table below for applicable contribution limits. Your automatic contribution can be made on the 1st, 3rd, 15th or the 17th of each month.

TAXABLE YEAR	CONTRIBUTION LIMIT	CATCH UP LIMIT FOR AGE 50+
2016	\$5,500	\$1,000
2017	\$5,500	\$1,000

Please note: PENSICO's ACH is credited toward the current year's IRA contributions. Although you may begin ACH at any time, the prearranged contributions will apply for the tax year in which they are received by PENSICO (ending Dec. 31). By authorizing ACH IRA contributions, you are effectively designating those contributions for the current tax year. This means IRA contributions received through ACH during the period of Jan. 1 through tax filing deadline will not be credited as a previous calendar year contribution. ACH contributions will be discontinued for any account that transfers or terminates.
